

## Olivet College Course Scheduling Worksheet

After referring to the course descriptions and fall course schedule—and after discussing the appropriate courses for your major with a faculty advisor—enter the course number (e.g., IDS 111) for each course in which you want to enroll in the appropriate cell below. This allows you to map your fall schedule and avoid possible time conflicts. Be sure to record other commitments you have as well (e.g., music or athletic practice). *Note that most courses at Olivet College are offered on a Monday/Thursday (MR) or Tuesday/Friday (TF) schedule.*
